

The **Agility** Healthcard is just about the most convenient healthcare solution that offers you your very own medical savings account.

Whether you're a member of a medical scheme or without any cover, the **Agility** Healthcard provides not only for your basic healthcare needs, but also makes provision for benefits that are not part of your medical cover ensuring you're never caught short. This pre-funded savings mechanism allows you to take full control of your healthcare costs while safeguarding against any unplanned medical expenses. Some of the **Agility** Healthcard's unique features include:

01

Your **Agility** Healthcard allows you to pay for healthcare services such as doctors' visits, over-the-counter and prescription medication, as well as co-payments.

02

Funding your **Agility** Healthcard is quick and practically effortless – simply deposit money into your account via debit order or electronic bank transfer, alternatively you have the option to have the card funded by your employer as part of a healthcare subsidy.

03

You can withdraw cash once a year.

04

Agility Rewards Platinum members can use their rewards' cash-backs to further boost, supplement, or fund their **Agility** Healthcard.

OTHER FEATURES

You can choose the precise amount you would like to contribute each month even if these amounts differ between months.

You can select the payment date which suits you best.

Top up your account as - and - when you need to.

For your safety and peace of mind, you can keep track of all your transactions online via our dedicated portal on www.whatsonmycard.com

All cards are PIN protected.

WHY YOU NEED IT

The **Agility** Healthcard is not linked to any specific medical aid.

You're prepared for and protected against any unexpected medical payments.

We place you in complete control of your healthcare costs – from how much you choose to contribute each month to which service providers you pay.

The **Agility** Healthcard - one more way we help you to prepare for today, in order to prosper tomorrow.
